Page 12 Office Note

Reference is invited to my Final Note dated 14th November 1924 submitting for the gracious sanction of His Highness the proposals of the Council, among others, to appoint Miss Cama as Assistant Surgeon, Second Grade, on Rs. 200, and to offer a pay of Rs. 300 each to Miss Raha and Miss Dadina for appointment as temporary Assistant Surgeons and to the orders of His Highness sanctioning the same. Orders having been issued accordingly, the Senior Surgeon made the offer to the lady doctors referred to, but it was found that Miss Cama had already accepted service under the British Indian Government and that while Miss Dadina rejected the offer, Miss Raha was willing to accept the pay offered, provided she was granted travelling allowance for her journey from Delhi to join her appointment and was confirmed in the grade of Surgeons at the end of a year's probation. Correspondence is going on with Miss Raha. In the meantime an application was received from Miss Lobo, M.B.B.S.(Bom working in the Co-operative Hospital at Hubli, and the Senior Surgeon recommended her appointment as Assistant Surgeon on Rs. 200 in place of Miss Cama under the usual terms of a year's probation and a three years' agreement.

The proposal was considered in Council on the 5th February 1925 and the Council are of opinion that the appointment of Miss Lobo may be approved.

In connection with the Delhi Medical College Question, the Dewan was asked to submit a note showing the proposals made on the following questions, viz.,

(1). Revision of the cadre of Lady Medical officers and

(2). Grant of new increments to the cadre to fill up the existing vacancies and the new appointments created for the Madras Presidency.

These proposals are also before us.

C.B. HK 8/7/25 L. L. Dikshit 8/7

The note put up by Sir L. L. Dikshit in charge of the cadre does not show how the vacancies have been filled up. The Medical College scheme cannot be worked without Lady Medical officers.

The Senior Surgeon requires permission to employ European Lady Medical officers temporarily. The question whether European Lady Medical officers are available to work willingly in India without much prospect of private practice has to be considered.

Dewan has called for a note which was submitted to him today.

Subject:—

Appointment of Mrs. G.H. Marchant, F.R.C.S.(Edin) as an Assistant Surgeon.

In para 10 of Government Order No.L.2891-904/San.28-24-1 dated 1st October 1924, the entertainment of four lady medical officers for the Kadur and Shimoga Districts was sanctioned, with a view to enable greater attention being paid to the provision of special medical relief to women in the malnad. One of these places was filled up by the appointment of Miss E.W. Paul who is temporarily posted for work at the Sri Krishnarajendra Hospital, Mysore. There are thus 3 vacancies in the number of lady medical officers sanctioned for work in the malnad and against one of these the Senior Surgeon recommends the entertainment of Mrs. G.H. Marchant, F.R.C.S.(edin) as an Assistant Surgeon on a pay of Rs.300 with a personal allowance of Rs.50, together with free quarters and the privilege of private practice. Mrs. Marchant is an Anglo-Indian and is 34 years of age. She has obtained the M.B. degree of the Calcutta University, the F.R.C.S. of Edinburgh and the diploma of the Conjoint Board, London.

The Senior Surgeon's proposal was considered in Council on the 27th August 1925 and the Council are of opinion that it may be approved

Revision of the Cadre of Lady Medical [redacted] in the

S T A T E.

Med. 54-24.)

The question of revising the Ladies cadre was referred to the Senior Surgeon (Unofficially) for opinion as per Dewan's Minute dated 16th January 1924 (page 7 of File 54-24) and in his note No. U.O. 15, dated 6th February 1924, Dr. Mylvaganam submitted his first note for revising the pay and prospects of Lady Doctors, as also for increasing their number according to present requirements, and ~~According to this, he~~ suggested the appointment of

3 Surgeons on Rs. 400-50/2-600

9 Assistant Surgeons on Rs. 200-25/2-400

19 Lady Medical Subordinates on Rs.75-5-200

(Vide pages 9 to 12.)

against the then existing strength of 2, 5 and 17 respectively, the extra cost involved being Rs. 28,080 per annum.

When the file was submitted to the Dewan, it was ordered that the above proposals were not quite suitable and that the Senior Surgeon be asked to submit ~~proposals~~ revised proposals taking into consideration certain conditions, one of them being to give to Lady Doctors 25% more pay than men as in the Education Department (Vide page 14).

The Senior Surgeon to whom the file was again unofficially forwarded submitted his revised proposals with his U.O. No. 24 dated 26th March 1924, suggesting slight changes in the strength in each grade of lady Officers but not in the scale of pay, viz.,

2 Surgeons on Rs. 400-50/2-600
7 Assistant Surgeons on Rs. 200-25/2-400
19 Subordinates on Rs. 75-5-200

thereby reducing the total extra cost to Rs. 14,412 per annum (~~ago~~ Page 18).

As per Comptroller's note dated 2nd May 1924, a proposition statement ~~was~~ in the prescribed form was called for from the -- Senior Surgeon ~~and was submitted~~ by him with his letter No. G.C. 394-1. dated 19th July 1924 and it was received in this office after verification by Comptroller on 20th September 1924, according to which the additional cost was reported to be - - Rs. 30.520 per annum in case the number of officers was fixed at 3 Surgeons. 9 Assistant Surgeons and 19 Subordinates as in the first Unofficial Note of Senior Surgeon or Rs. 16,806 2/3 per -- annum if the number was fixed at 2, 7 and 19 respectively as per the Senior Surgeon's second Unofficial note.

The whole question was reviewed by the then 1st Member of Council at pages 38--40 and he was of opinion that there should be 5 Lady Surgeons including Mrs. Whale on Special Grade, the other 4 on Rs. 400-20-600 or 400-25-600. ~~one for Victoria Hospital, one for Kaithamaraja Hospital, one for Roberts Chapel Maternity Hospital for Vanitas, Bangalore and one for Shimoga.~~

He was not for revision of Lady Assistant Surgeon's grade and -- wanted ~~that~~ the vacancies in the Lady Apothecary's grade to be -- filled up by appointment of Assistant Surgeons on suitable pay.

The file was submitted to Dewan on 26th October 1924. The question was thereupon considered in Council on 8th November 1924 in connection with the ~~qualification~~ question of making arrangements for the relief of Dr. Jhirad and the following resolution was passed.-

Dr. (Mrs.) Noronha may be appointed Surgeon on Rs. 400-50/3-600 in the vacancy caused by the resignation of Miss. Jhirad.

"Miss Cama may be appointed Assistant Surgeon, Second Grade, on Rs. 200 on probation for one year in the vacancy caused by the resignation of Miss. Sen.

"Pending the revision of the cadre of Lady Medical Officers, two temporary appointments of Assistant Surgeons, First Grade, may be created against the provision for existing vacancies of four - Lady Apothecaries and two Lady Medical officers. for the Malnad. and the savings in Miss. Jhirad's pay.

60

"In the above vacancies Miss. Raha and Miss. Dadina, Nos. 11 and 8 in the list of applications may be offered Rs. 300 each." (Page 43)

This was approved ~~by~~ of by His Highness the Maharaja on 29th November 1924 and Government Order No. L. 4129-30/ Med. 2-24-25, dated 5th December 1924 was issued, sanctioning the acceptance of Miss. Jhirad's resignation, the appointment of ~~Miss~~ Mrs. Noronha in her place ~~as~~ as Surgeon, the appointment of Miss. Cama in Miss. Sen's vacancy and o Miss. Dadina and Mrs. Solomon against two new appointments created for Malnad Improvement.

The Senior Surgeon was then required in this office No. L. 5016/Med. 54-24-3, dated 16th January 1925, to take the above appointments also into consideration and submit -- revised proposals for the improvement of the Lady Medical cadre as soon as the new appointments take effect.

To this the Senior Surgeon was replied in his letter No. G.C. 218-1, dated 17th January 1925, that if the total strength in each grade be fixed by Government once for all it would be possible for him to submit proposals in the matter and also to take action in filling up vacancies. This letter was submitted to First Member and it was ordered (Page 48) that this file may wait till the disposal of question of appointment of 2 European Doctors.

No money has been provided in the budget for revision of the cadre. If any of the scales proposed is adopted and orders passed for the same being given effect to this year, additional grant will have to be applied for or the revised scheme will have to be brought into force from next year.

I have the greatest pleasure in cerfifying that Miss T.J. Cama M.B.B.S. who qualified last April from this Medical training centre, was one of the best lady students, I have ever trained. She was both conscientious & keen in her work, and sympathetic in her treatment of the sick. She was a favourite with both students and staff, as she was reliable, and had a good influence in the college. I wish her the best of luck in her future medical career & I trust that an early and suitable opportunity will be given her of holding a responsible medical post, for which I consider her well suited.

Sir,

With reference to your letter No. L.1646/med dated the 26th August 1924, calling for proposals for the entertainment of lady doctors I have the honour to forward herewith a list showing the particulars of applications received and registered in this office in response to the advertisements published in accordance with Government Order No. L.1077-8 Med. 8-24-2 dated 2nd August 1924.

It will be seen that the pay demanded in almost all cases is too high to permit of the applications being considered. It is not desirable to entertain applicants possessing ordinary qualifications on rates much higher than what were given to the lady doctors now in the service and to create heart burning in the latter. If the grant of high rates of pay is possible under the present conditions, it is better to secure really well qualified candidates direct from England.

The only one among the applicants who is willing to accept a star ing pay of Rs.200/- per mensem with free quarters and private practice i one Miss. T.J.Cama , M.B., B.S., whose application with copies of testimonials is herewith forwarded. She obtained her M.B., B.S., Degree in 1923 and she is 31 years old.

I recommend the appointment of Miss Cama as an Assistant Surgeon on a start of Rs.200/- on probation for one year, in the first instance the other conditions mentioned by her being left for consideration at t time of her confirmation at the end of the probation. This appo

appointment is to fill up the vacancy caused by the resignation of Miss. Sen which was accepted in Government Order No. L.9429- 30/Med. 31-23-58. dated 2nd May 1924.

I request the favour of very early orders so that the candidate may not be lost to us by securing an appointment elsewhere.

I have the honour to be,

Sir,

Your most obedient servant,

Senior Surgeon.

Dated Bangalore, 2nd September 1924

My dear Sir,

In continuation of my D.O. letter of the 18th instant, I enclose herewith extracts from letters received from Col. Smyth, Dr.Donald Armour, F.R.C.S., etc, and also one received by this week's mail from Dr. W. E. Miles, who is a specialist in Cancer and diseases of the Rectum. It will be clear that it is necessary to furnish applicants with information regarding pay and prospects.

For a lady doctor with the highest qualification like M.D., B.S.(Lond)., the same pay that was given to Dr.Miss J.Jhirad, viz., Rs.600-50-900 may have to be given. To an M.B., B.S., (Lond) we may have to offer the scale of Mrs.Whale, viz., Rs.550-25-700 and to one with the LRCP, MRCS(Lond) and L.M.(Rotunda), the usual pay of Surgeon, viz., 400-50/2-600 will have to be given.

I request instructions if one or two women doctors with English qualifications will be entertained by Government and if the rates of pay above suggested may be authorised to be offered by the gentleman, who

have kindly promised their help.

I am also of the opinion that two Matrons well qualified ought to be got for ~~each~~ of the Victoria and the Krishnarajendra Hospitals, on the sanctioned scale of pay, viz., Rs.150-10-250

Extract from letter dated 6th August 1924, from Col.J.Smyth,

********* If Government approves of your request for the selection of two Women Doctors (that is how they like to be designated here) and sends me a quite definite request with full particulars I will certainly try to help, though it might be better to insert an advertisement in the British Medical Journal. I must say however, that I would feel called upon to inform candidates of the malarious condition of the Bangalore Maternity, in which both Ayachee Ammal and Miss.Govindarajulu suffered constantly from malaria when in charge of that Hospital. The malarious condition of the Hospital renders it unfit even for the temporary residence in it by patients coming there for confinement. Over and over again did I represent this to Government and my representations were always treated sympathetically, but money seemed hard to find for the building of a new hospital, in a healthy place. As you know I had selected for this purpose a site in the Fort about where the Sanskrit College is or was. That site would be very central, very healthy and very convenient for the purposes of a Medical school. **********N.B. Regarding the selection of women doctors, if I am to do it, it must be understood that negotiations shall only be carried out by me. **********"

OFFICE OF THE SENIOR SURGEON IN MYSORE,

Camp, Mysore, dated 14th Octor. 1924.

Under instructions

26342
29.10.24

Dear Sir,

1692-2

In continuation of my D.O. letter No. dated the 22.9.24 addressed to the First Member of Council and with reference to the personal discussion I had with you this morning, I have received two applications a few days ago from Dr. (Miss.) Dorothy M. Vaux and Dr. (Miss.) Hermione M. Usborne both of whom are M.B.B.S's of London - for the post of Lady Medical Officer in the Mysore Service. These are merely casual applications and, I dare say, if our requirements are duly advertised, there will be a more numerous response and a wider range to select from.

2. From the applications it is clear that the salary expected is Rs.400/- rising to Rs.600/-. It is understood, of course, that the Lady Medical Officer will be provided with free quarters and will be entitled to private practice. I propose that in place of one appointment in the special grade on Rs.600-50/2-900, two appointments may be constituted on Rs.400-50/2-600. This means that at practically the same expense as is being incurred at present, we might secure two Lady Medical

Officers, whose services are urgently required in connection with the much-needed development of the women's section in the Victoria and the Krishnarajendra Hospitals. An M.B. B.S., of London will quite do for our purpose as the required degree of efficiency can certainly be expected from one possessing this qualification. If the applicant wishes to qualify herself further after entering service, or should Government desire a higher qualification, ~~and~~ an M.D., degree would be easy of attainment after two or three years' practical work in either of the Hospitals.

3. I request that Government may be moved to be pleased to accord sanction to the proposal and to authorise the publication of an advertisement through the eminent doctor whose letter I have already submitted I would further suggest that intending applicants may be required to send up their applications through Col. J. Smyth, I.M.S., (Retired) now in England who knows our requirements and will be able to select the most suitable candidates. He has kindly promised to select for us.

4. In this connection, I wish also to urge the necessity for the immediate entertainment of two European Matrons one for each of the Victoria and the Krishna-

Krishnarajendra Hospitals. I need hardly say that the employment of a qualified European Matron will infuse a distinctive tone and quality into the nursing and the general management in the Institutions. The appointments will undoubtedly be an added source of efficiency. In the matter of the training of nurses, there can be no two opinions that the training that a qualified European Matron would be able to impart would be quite different from what obtains at present. The proposed appointments will, in time, lead to the tangible improvement in the type of nurses - which by itself is a very important consideration.

The existing Matrons may be kept on either as Assistan in their present institutions or their services may be utilised in other District Hospitals until they are due to be retired. They need not get further increments of pay, after being replaced by qualified European Matrons.

5. In regard to the arrangement connected with the charge of the Maternity Hospital at Bangalore, I have alread spoken to you. I have also placed my views before the First Member of Council

Requesting early orders,

Yours sincerely,

To

The Secretary to the Government of Hish Highness

Bangalore.

Sir,

With reference to your letter No.L.4458-Med. dated the 18th December 1924, calling for proposals for filling up existing vacancies among Lady Medical Officers in the service, I have the honor to state that the number of Lady Medical Officers sanctioned for the department in G.O.No.G.1964-74-Med.52-19-3, dated 27th July 1920 is

Two Surgeons, against which there are now Mrs. Whale at Mysore and Mrs.Noronha, recently promoted to the Surgeons grade in G.O.No.L.4129-30-Med.2-24-25, dated 5th December 1924.

The sanctioned number of Assistant Surgeons is five. Against this there are now four officers, named in the margin, among whom Mrs.Perriton is on leave in England and is expected to return in June next, if her application for extension of leave is sanctioned by Government. It does not seem necessary or even practicable to make any temporary appointment in her place, seeing the way in which the offers made to applicants in accordance with the G.O. of 5th December 1924 have been responded to by the parties. One permanent vacancy against the promotion of Mrs. Noronha is no doubt available for filling up. I am writing to some of the other applicants in the list and also to one Miss.Edith Paul if

1. Mrs.B.Perriton;
2. Miss.A.G.Allen;
3. Mrs.Uchgaoker;
4. Mrs.Isaac.

they are still available and willing to join service in this State.

The appointment of Miss.Sen notified in G.O. No.L.5254-Med.7-23-24. dated 8th January 1924, did not specifically raise the number of Assistant Surgeons by one, but, as far as it went, it was calculated against a vacancy in the Lady Apothecaries' Grade. Thus the new appointment of Miss.Cama ordered in G.O. of 5th December 1924, in the vacancy of Miss.Sen, has to be also counted against a Lady Apothecary's vacancy. Two fresh appointments have also been sanctioned against the savings from the four Lady Apothecaries' posts vacant. In these circumstances it is difficult to arrive at a definite conclusion regarding the number of vacancies in the ladies' cadre.

I therefore request the favor of early orders on the revision of the ladies' cadre, in order that I may again advertise and invite applications if necessary and submit definite proposals.

I have the honor to be,
Sir,
Your most obedient servant,

Senior Surgeon.

Dr.(Miss.) Cama's reply to the above letter.
dated, 3rd Jan.1925.

With reference to your office No. G. c. 101-3, dated, 17th December 1924, received on my return from Holiday, I have the honour to inform you, that not having heard from your office, for so long, with regard to my application for employment in the Mysore State, I have accepted British Government, service in Bombay where I am now employed; and beg to thank you for the offer made in your letter under reply and regret I am not able to take up the post offered.

Senior Surgeon.

Letter No. 101-11 dated 6th January 1925 from the Senior Surgeon in Mysore, to Dr. M. H. Dadina, Indore State.

In reply to your letter of the 28th December 1924, you are hereby informed that you will be given free quarters near the institution where you will be working. Or you will be given a house-rent allowance in lieu thereof. No free conveyance will be provided, as there is no such practice in this department. Private practice will be allowed, so far as it may not interfere with your hospital duties. For termination of your engagement a three months' notice will be necessary to enable the Government to take necessary steps to secure a substitute, without causing inconvenience to the service.

Please reply if you are willing to accept the appointment offered to you on the above conditions.

Reply dated nil from Dr. (Mrs.) Maneckbai F. Dadina, to the Senior Surgeon in Mysore to the above.

In reply to your letter dated 6th January of No. G.C.101-11, I thank you for your kind favour, but your conditions not complying with mine re. "furnished" quarters, free conveyance or conveyance allowance and restricted private practice etc., I regret I cannot accept your kind offer.

Senior Surgeon.

etter No. G. C. 101-9 dated 6th January 1925 from the Senior Surgeon to Mrs. Clarice Solomon (Clarice Raha)8, Nicholson Road, Delhi.

In reply to your letter dated 18th December 1924, intimating the terms on which you would join duty here on 1st February 1925, you are informed as follows:-

1. The sanctioned scale of pay of Lady Doctors in this State is, for Assistant Surgeon, Rs.120-10-200-20-20-360, for Surgeons, Rs.400-50/3-600. No Lady Medical Graduate of an Indian University was ever started on a salary of more than Rs.200/- It is as a special case you have been offered a starting pay of Rs.300/- which is only given to lady doctors with European training who also underwent Rotunda Hospital training and secured the L.M. of Dublin. Should your first year of probation be satisfactory, you will be confirmed and rise to Rs.360/- by annual increments of Rs.20/- Thereafter you will get into the Surgeon's grade on Rs.400/- and rise, by triannial increments of Rs.50/- to a maximum of Rs.600/- The Government also encourages promising young officers by sending them to England with scholarships which will be open to you when once you enter the service and settle down here or when you complete eight years' service you will be entitled to get study leave to go to England. You will thus see the impracticability of your getting a scale of pay of 300-50-750 asked by you and intimate your willingness to accept service on the scale of pay in force here.

2. You will get free house provided for the lady doctor of the Hospital.

3 . The bond of service with penalty clause may be executed at the time of confirmation after the termination of the probationary service.

4. There will be no other lady doctor above you in case you are posted to the Victoria Hospital, But you will have to work under the administrative control of the principal Medical Officer in charge of the institution who is a male doctor of experience.

5. Private practice will be allowed out of hospital hours.

6. When once you are confirmed in the service you will automatically have the full benefit of all rules in force, as regards leave, pension, provident fund, Life Insurance etc.

7. It is only after you actually join duty that you will become entitled to claim travelling allowance according to rules and even there, the daily allowance admissible to officers of your rank is only Rs.3¾ a day while in claiming a daily allowance of Rs.7/8 you claim what is allowed only to the head of your department. Please intimate by wire, your willingness or otherwise to accept the terms now offered.

Yours faithfully,

sd. B. Md. Usman,

Senior Surgeon.

Letter dated 10th Jan. 1925 from Mrs. Solomon (Raha), to the Senior Surgeon in reply to above letter.

In acknowledging receipt of your letter No. G.C.101-9 dated the 6th Jan.1925, I would like to state the following:-

I realise it will not be possible for you to concede my terms. In the circumstances however I cannot accept the terms laid down by you which will necessitate my remaining in the grade of Assistant Surgeon for at least four years. As however I have given my word I am willing to accept a salary of Rs.300/- per mensem provided that I am thereafter confirmed in the Surgeon's grade with a starting salary of Rs.400/- at the close of my probationary period. Secondly I must be paid my joining expenses from Delhi to Bangalore at the rate of double 2nd class far plus Rs.7/8 per each day spent in travelling, as it is hardly fair to expect me not only to lose my practice while travelling, but to pay for my travelling expenses in addition (my joining expenses need not be paid me before I report for duty at Bangalore). I am quite prepared after joining, to be in future bound by whatever state rules exist in regard to Travelling Allowances.

I accept all the other terms in your letter under reply, which are not affected by the above modifications. In conclusion, I would request that you give me at least three weeks after receipt of your reply (should you decide to engage my services) to enable me to break up my establishment at Delhi and to settle my affairs.

Awaiting the favour of an early reply.

To

The Secretary to the Government of His Highness the Maharaja of Mysore, Local and Legislative Departments, Bangalore.

Sir,

I have the honour to recommend the entertainment of one Mrs. G. H. Marchant, F.R.C.S., (Edin), as an Assistant Surgeon against one of the four appointments of lady doctors sanctioned in Government Order No. L. 2891-904 San.28-24-1, dated 1st October 1924, and to state as follows:

The applicant is an Anglo Indian, born on 21st September 1891 and is 34 years of age. After obtaining her M.B. Degree of the Calcutta University, she went to England and took the diploma of the Conjoint Board, London, and the F.R.C.S., of Edinburgh. At first she wanted a starting pay of Rs.600/- But on my explaining to her how it was impossible to give her more than Rs.300/- she agreed to accept a salary of Rs.350/- to start with.

If she were started on Rs.350/- she would supersede all the lady Assistant Surgeons now in service who will naturally feel aggrieved. I therefore again asked her if she would be willing to be started on a pay of Rs.300/- with a personal allowance of Rs.50/- with free quarters and the privilege of private practice and she has agreed to these terms. I request very early sanction to her appointment on these terms.

Should the Government be pleased to sanction her appointment, I propose posting her to the Victoria Hospital, as already suggested in my letter No. P. C. 122-6, dated 15th July 1925. The Assistant Surgeon Miss Lobo, now attached to the Victoria Hospital may be posted As Resident Medical Officer of the Vani Vilas Hospital, Mysore, where

where a lady Assistant Surgeon is very necessary, to render efficient help to the Lady Medical Officer, Mrs. Whale.

I have the honour to be,

Sir,

Your most obedient servant,

Senior Surgeon.

I

Letter No. 107-2, dated 7th August 1925 from the Senior Surgeon in Mysore, to Dr. G. H. Marchant, F.R.C.S. (Edin) etc., 48 Richmond Road, Bangalore.

Regarding your application for an appointment in the Mysore Medical Service, you could be started on a pay of Rs.300/- with an allowance of Rs.50/- and free quarters and private practice. You will be posted to one of the big hospitals to being with.

Please let me know by bearer if you are willing to accept the above terms and also what your age is, so that if it is above 28 years, special sanction of Government will have to be applied for under the Service Regulations.

II.

Letter From Dr. G. H. Marchant, 48 Richmond Road, Bangalore to the Senior Surgeon in Mysore, Bangalore.

Re. your office No. C. 107-2, dated August 7th 1925, I have to say that I am willing to accept the terms offered.

My birth date is September 21st, 1891. So I shall require special sanction to be appointed.
